Schwarzenegger is my idol, 2012–2013

Schwarzenegger is my idol is a story about young guys from Mykolaiv (Ukraine) who are united by one thing — a goal to become the best of the best, and they will do everything possible to achieve it. The photos show young people who engage in athletics, acrobatics, fitness, and bodybuilding. I asked one of the boys to tell me what role his hobby plays in his life. Here's what he told me: «For me, my sport is what I live for. Daily control and hard work is what leads me to success. Sport disciplines a man, enabling him to understand the value of labour and the value of choice. I always wanted to be something more than an ordinary man in the street, more colossal than an ordinary representative of society, so in my sport, I do all the best I can, because I want to reach the top» Why are my models naked in photos? I think it adds a kind of courage and naturalness. Of course, it also looks funny and ironic.
